623 N. Chestnut St.,

Monticello, Iowa

1963 Price List

Please read carefully before ordering. Varieties priced by units of 2, means 2 large bulbs of that variety. No unit will be split. Large bulbs are $1\frac{1}{4}$ inch in diameter and larger. Medium bulbs are $\frac{3}{4}$ inch to $1\frac{1}{4}$ inch, small bulbs are $\frac{3}{4}$ inch and smaller.

All orders of \$3.00 or more are sent postpaid. Orders of less than \$3.00, please add 35¢ for postage and handling costs.

Each variety is separately bagged and labeled.

All bulbs are guaranteed true to name. As to growth and performance, I cannot guarantee, as there are too many factors that are beyond my control. These bulbs are doubly inspected by the state, both in the field and storage.

Extras and overcount my pleasure.

Varieties with letters of L, M, S, or B, means that large, medium or small bulbs, or bulblets, may be had of that variety.

Varieties with a price, are priced at: Large bulbs, 2-35c or 5-70c; Medium, 3-30c or 5-50c; small, 5-30c, all of one variety. Please give first and second choice of bulbs or bulblets.

An * before a variety denotes it is small or miniature.
